Sir,

In reply to your letter No. 923/17 dated 7th May 85, I have the honor to inform you that the sanctioned estimate of Rupees 606 for repairing the Sivalyunga Temple in the Nalamangala Taluk, does not provide for any work to the Goparam referred to by the Deputy Commissioner in his No. 992 dated 23rd December 1884.

II. — I enclose, for perusal and obliging return, an original letter No. 377 dated 22nd ultimo, from Mr. Govindacharlu Assistant Engineer, with which he submits an approximate estimate, amounting to Rs. 923, for putting the Goparam in order. The work does not, however, seem desirable so far as can be gathered from this report. —

The Exc: Engineer,

Sir,

In reply to your No: 954/1987 of 13th May 1885, (file returned herewith) I have the honor to report that the Estimate as per which work is now progressing, is an Estimate for repairing the temple only which is situate far above the Gopuram under report. The Gopuram in question is the one over the entrance Gate to the flight of steps leading up the hill. The top of this has blown down, and a few cracks (very old ones apparently) are there, the wooden frame work consisting of pillars, and beams have fallen and a few pillars decayed and very weak. I herewith submit a probable estimate for Rs. 839, to put the Gopuram in order Even after this precaution, it is impossible to say how long the Gopuram may stand. The danger at present consists in the top being open and rain water getting inside and into the walls which are brick in mud. This has mainly to be protected.

2. If we had to pull down the whole Gopuram and build a new one instead, of the same style it would cost not less than 5000 Rupees

3 The next Gopuram above this is in a better condition, but a few pillars nearest the wall have decayed. Unless these supports

are refixed. this Gopuram is also not safe.
In this as well as other structures connected with
the temple, plants have been allowed to grow
in the Masonry, which is but a sign of the com-
mencement of Devastation. There are two parties in
Suvaganga, the temple and the Mutt. The latter
I hear, had the management of the temple some
years back, but mismanaged. The temple men
do not seem to evince any interest in their own
religious structures and are now masters very
badly. The Mutt may be given the supervision,
but some other arrangements is at the same time
necessary to see that the supervision is properly
exercised.

2 Estimates.

Return the original Estimate together a
prepared after personal inspection of the building
(Rupees 1,413) with following notes :-

1. The Gopuram is of the usual Hindu style - Brick
Chunam dome supported by timber framing. The
of the wooden supports are decayed and many of
have fallen and thereby caused the collapse of the upper
portion (arched covering of the dome).

2. The Gopuram is badly cracked on left face from top
to bottom and temporary supports have been placed under
the stone lummers.

3. The Estimate provides for the reconstruction of the
timber framing and top of dome, as also for some necessary
repairs, and a permanent dressed stone pillar under the
cracked stone lummer.

4. The work is of an ordinary character, and might without
much difficulty, be carried out by Revenue Officers.

5. As the Gateway in its present condition is hardly
safe, the work should be carried out prior to the setting
in of next Monsoon. -

Sir,

With reference to your No. 484/33 dated 25th Ultimo, I have the honor to state that the Amildar reports that the repairs to the Gopuram cannot be executed, with the sum of Rs. 839/- according to the old estimate and that Rs. 1,413/-, as per revised estimate will be necessary. There is a balance of Rs. 1,821-4-4 in the Surplus Funds, and I would therefore request that sanction may be accorded to the revised

estimate for Rs: 1413/; recommended by the Chief Engineer.

2. The bill for Rs: 839/. is herewith forwarded for scrutiny and transmission to the Comptroller for audit. A fresh bill for the balance will be submitted after the work is taken on hand.

3. It is requested that the revised estimate (herewith returned) may be sent to this office for the work being carried out in accordance therewith.

To

The Secretary to the Dewan of Mysore
Mazrai Department.

Sir,

With reference to the Government Proceedings No. 1615-6/84 dated 28th May 1890, sanctioning a revised estimate for Rs: 1413/. for the repairs of Gopuram of Gangadhareswara Swamy Temple, at Swaganga, Nelamangala Taluk, I have the honor to state that the D.P.W. Sub Division Officer directed, after personal inspection of the place, the new construction of the Western corner of the upper most story of the tower and the putting in of two teak beams therefor. Although these were not provided for in the sanctioned estimate still, they were considered by him as urgently needed

this opinion these improvements were estimated at Rs: 100/- and Rs: 45-8-0, respectively.

2. In obedience to the D.P.W. Sub Division Officer's order to the Contractor, the aforesaid improvements have been duly carried out by him. The Amildar, in submitting the completion certificate, brings to notice, after a personal inspection of the work and careful scrutiny of the rates that the additional work proposed by the D.P.W. Sub Division Office has cost, in all Rs: 171-14-0, or Rs: 26-6-0, more than the estimate of the D.P.W. The Amildar further states that additional work of the value of Rs: 171-14-0 has been satisfactorily executed and recommends payment.

3. No payment has yet been made to the Contractor from the

of the work.

completion certificate and the revised estimate together with Vernacular papers are submitted for orders, as to whether Rs: 145-8-0 (as estimated by D.P.W.) or Rs: 171-14-0 as recommended by the Amildar, should be disbursed to the Contractor, in addition to the sum of Rs: 1413/- originally sanctioned.

No. 46 dated -92

4. On receipt of orders, the necessary bill will be duly submitted.

5. I have had the work inspected by Mr. Raghavacharlu. He is on the whole well satisfied with the execution. He proposes two more windows, which will be separately estimated for.

I have the honor to be
